

JFS was founded in 1892 to help immigrants and refugees establish new lives in the Puget Sound region. Today, JFS Refugee and Immigrant Service Centers continue to help resettling refugees on their American journeys.

## Now YOU can help!

When you collect items and donate a gift box(es), you help a resettling family with the essentials for their first American home. This volunteer activity is perfect for individuals, families and groups like congregations, youth groups and book clubs.

### KITCHEN

- 4 each: forks, knives and spoons
