Telling a Story through Song

While Jewish holidays and traditions usually dictate what "Cantor David" must lead, for Endless Opportunities he will sing a compilation of his favorite (mostly) Jewish songs of all time. Come sit back and enjoy as we listen to the "best/favorite songs" from over 4 decades of being a cantor (which is the longest a cantor has continually served the entire Northwest). From religious, Israeli, secular and American Jewish music, each song will have a personal story connected with the Cantor's life.

Making the Desert Bloom: A Seattle Connection with Israel

The Jewish National Fund is generally known for one thing — or, rather, 250 million things.

That's roughly how many trees the 110-year-old nonprofit has planted in Israel over the last half-century. Come learn other ways in which JNF is building Israel's future. From reservoirs to solve the water-scarcity crisis to cutting-edge research to solve oil dependency and providing firefighting infrastructure so that the recent fires don't take such a devastating toll, JNF is at the heart of building the character of Israel where there's a place for every generation to be involved. Led by our Seattle based JNF staff,

Roland Roth and Alissa Hartnig, this talk is designed to inspire participation and pathways as part of a prosperous future for the land of Israel and its people.
