

You know there's a  
worldwide refugee crisis.

Do you know you can make a difference  
in the crisis right here at home?

JFS was founded in 1892 to help immigrants and refugees establish new lives in the Puget Sound region. An unwavering commitment to welcome the stranger has been part of our work ever since. Today, JFS Refugee and Immigrant Service Centers help individuals and families on their American journeys. From arrival through citizenship — and every step in between — JFS is here to help.
