

# ENDLESS OPPORTUNITIES

A community-wide program of educational, social, recreational and volunteer activities for adults age 60+  
Sponsored by Temple De Hirsch Sinai, Temple B'nai Torah, Jewish Family Service & Congregation Beth Shalom

## November Programs

### Memory, Meaning, Moving On

As a member of the millennial generation and the granddaughter of Holocaust survivors, Rabbi Paula Rose will reflect on the ways in which the Jewish community copes with and responds to the last century of Jewish history. Together we will think about how those personal and communal memories inform our lives, and about different models of how we use them to make sense of who we are. Through stories, reflection, and conversation, we will explore together the balance between memorializing, moving on, and searching for meaning as each generation faces the history of its predecessors.

### Faith Action Network – Who we are, what we do, and how one can get involved

Working together for the common good through community building, education, and courageous public action, the Faith Action Network is a partnership striving for a just, compassionate, and sustainable world. Join us on election day to learn about this statewide, interfaith advocacy group which represents over 120 faith communities including the EO partners. FAN Executive Director, Paul Benz, will provide us with a history of the organization, talk with us about current initiatives (that may or may not be determined in this election), and share ways in which we have an opportunity to join them through communicating with elected officials about critical social issues, networking with individuals from area faith communities in Cluster Meetings, and more.

### Drawing Together to Improve our Quality of Life

Remember when you were a kid and a piece of paper and a crayon was all it took for you to draw away like an artist? Well, it turns out that power stays with us, even if we constantly squish it down with our own self-criticism. What's WONDERFUL is that we can release that amazing skill and use visuals in our everyday lives. Join us as we play with drawing – as a group and individually – to explore how our informal sketches and doodles can improve our quality of life. Come ready to draw, leave your inner critic at the door, and know you have ALL the talent you need right inside of you. All supplies provided!

**Thursday, November 16, 2017 • 10:30 - noon**
