

# ENDLESS OPPORTUNITIES

EO is a Jewish community-wide social & education program sponsored by Temples De Hirsch Sinai & B'nai Torah, Jewish Family Service and Congregations Beth Shalom & Kol Ami.

## Climate Justice and Upheaval

There's no hiding the fact that life on Earth faces an emergency of public health, safety, agriculture, species survival, and more. As Dr. Barak Gale, Thurston County Chair of the Climate Reality Project believes, "climate upheaval" will exacerbate existing inequalities and worsen vulnerabilities of already marginalized populations, particularly communities of color. At this session, we will explore what it means to view climate change, not as an inevitability, but as Paul Hawkins of Project Drawdown frames it, an "invitation to build, innovate and effect change."

## Tangled: Why Your Hair Matters to Society

Hair is simply a collection of protein filaments that sprout from our scalp, yet it carries great meaning for us and our society. From twists and tapers to braids and buns, what's on top of our head and how it is received by others often reflects society's standards of beauty and desirability. Using song, video, poetry, and imagery, this interactive presentation encourages us to examine our cultural conceptions of gender, class, and race. Join us in conversation with Dr. Anu Taranath to untangle the meaning of hair, and better understand the stories we tell about beauty, bias, and belonging.

## Seattle Baseball Memorabilia: A Lifetime Passion that Spans Centuries of Baseball

Charles Kapner's collection is a time machine taking us back to the late 1800s. Join us for conversation and storytelling as Seattle's baseball history comes alive. We'll hear about the thrill of the treasure hunt and uncover some of the reasons that baseball is such a powerful tool in bringing people together.
